TRIUMPH

The launch of the new Lm Lateral Filing System by Triumph, was a highly successful entry into the corporate project market, giving the company a 24 per cent increase in UK annual sales in 2007. Lm offers specifiers and dealers one of the most comprehensive systems of industry standard cupboards, drawers and combination units available today. Triumph's design, development and manufacturing takes place in South Wales where it employs nearly 400 people and uses UK raw materials, sourced locally. Triumph is now opening a brand new London headquarters for its UK Sales and Marketing operation, in Clerkenwell.
